## 1.3 Commission Calculate

➢ Calculate commission for the salesman. The commission is calculated according to following rated.
   o If Sales is 30001 onwards so commission rate is 15%.
   o If Sales is 22001-30000 onwards so commission rate is 10%.
   o If Sales is 12001-22000 onwards so commission rate is 7%.
   o If Sales is 5001-12000 onwards so commission rate is 3%.
   o If Sales is 0-5000 onwards so commission rate is 0%.

➢ Now double click on boundary the push **jButton1 (Calculate Commission Button).** The code editor window will get open. In it, simply type of following code.

```
1.      Integer sale = Integer.parseInt(txtsale.getText());

2.      double comm;

3.      if(sale >= 30000)

4.      {

5.          comm = sale * 0.15;
```

```
6.          }

7.          else

8.          if(sale >= 22000)

9.          {

10.             comm = sale * 0.10;

11.         }

12.         else

13.         if(sale >= 12000)

14.         {

15.            comm = sale * 0.07;

16.         }

17.         else

18.         if(sale >= 5000)

19.         {

20.            comm = sale * 0.03;

21.         }

22.         else

23.         {

24.            comm = sale * 0;

25.         }

26.         lblresult.setText("The Commission is Rs." + comm);
```
